Community Chest Revamps Organization For New Year

THE Monroe County Community Chest and Council took four major steps at their meeting last night:

1) Named Clifford R. Gillingham, president; Jesse S. Flory, first vice president; Arlington W. Williams, second vice president; J. Nelson Westbrook, campaign chairman, 1962-63; Maxwell H. Cohen, immediate past president.

2) Formally voted to accept the Monroe County Chapter of the American Red Cross as a member agency of the Chest;

3) Approved a whopping budget totaling \$111,516 as their goal; and

4) Named a Citizen's Advisory Council.

Maxwell Cohen, who has been serving as acting president since his term expired, presided at the dinner meeting of the board of directors, with 17 present, at Wyckoff's Tea Room.

First President Gillingham, first president of the Community Chest, returned to office as part of a team, he said, in accepting the office, with the

vice presidents, Flory and Williams working with him.

His first act was to name an advisory committee, approved by the directors, to include the team with Elwood C. German as chairman of the budget committee, Westbrook as chairman of the campaign committee and Jesse D. Pierson as chairman of the social planning committee.

The advisory committee will also include four past presidents and charter members of the chest: Lester G. Abelloff, Paul J. Dellaria, J. Albert Groner, Frank S. LaBar, William V. Nixon, Walter S. Peeney and E. Holt Wyckoff Jr.

Liaison Committee Gillingham also named Pierson, German and Westbrook to serve as a liaison committee to work out details of the membership of the Red Cross in the Chest.

Major portion of the meeting was devoted to the study of the budget for the new year with Pierson reporting on the recommendations of the social planning committee and Ger-

man on the recommendations of the budget committee in detail for each agency, prior to action by the board.

The name officially adopted for the 1962-63 campaign will be the United Appeal of the Monroe County Community Chest and Red Cross.

In his summary, German pointed out that the new budget includes both one new member agency, the American Red Cross, whose budget of \$15,350 was approved by the directors; and the addition of family counseling to the services of the Children's Aid Society of Monroe County which adds \$3,000 to the budget.

Eliminating these new services now within the chest, the 1962-63 budget represents an increase of only 3.7 per cent over last year's budget, German said.

A chart of the budget requests, recommendations and amounts approved is adjacent.

Two hundred Memorial Day accident deaths throughout the nation set a record for a one-day observance of the holiday.

The Associated Press counted 106 traffic deaths, only three fewer than the record 109 established during the 1956 Memorial Day period when it also was a one-day holiday.

The previous over-all fatality record for accidents also was set in the 1956 observance when 174 persons were killed.

The National Safety Council announced the traffic death toll as 109. The council, however, makes no actual count of the dead.

Must Register Under Law:

Attorney General Fingers Top Ten Communists

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy formally requested a government agency Thursday to label 10 persons as Communists and order them to register under the 1950 Internal Security Act.

Kennedy took the step in a petition to the Subversive Activities Control Board, saying the 10 were elected to the National Committee of the Communist Party, U.S.A., in December 1959.

He identified them in separate petitions as:

William L. Patterson, 71, of Brooklyn, N.Y., chairman of the party's New York district.

Betty Gannett Tormey, 55, and William Albertson, 52, both of Brooklyn, members of the New York party committee and board. Arnold Samuel Johnson, 57, national legislative director of the party in March 1962; Miriam Friedlander, 48, New York party committee member, and Louis Weinstein, 59, New York party committee and board member, all of New York.

Also Albert J. Lima, 54, Oakland, Calif., chairman of the party's Northern California district; Roscoe Quincy Proctor, 41, Berkeley, Calif., former member of the Northern California district com-

mittee; Dorothy Healey, 47, Los Angeles, Southern California district chairman; and Burt Gale Nelson, 52, of Seattle, northwest district chairman.

Kennedy's action was the beginning of the third of three enforcement steps taken against the party by the Justice Department since last Oct. 9. The Supreme Court, on that date, upheld an order by the Subversive Activities Control Board requiring the party to register.

The party as an organization was indicted Dec. 1 on 12 counts charging failure to register with

the attorney general as a Communist-action organization.

Gus Hall, 51, and Benjamin J. Davis, 58, were indicted March 15 on charges of failing to register as the party's general secretary and national secretary, respectively.

The maximum penalty for failure of an individual to register, if he refuses after the board orders him to do so and the courts uphold this order, would be five years in prison and a \$10,000 fine.

"I would like again to make it clear," Kennedy said, "that the registration requirements of the law do not outlaw the party. They

do not forbid the party to do anything. They simply require the party to register—to make public the identity of its officers and members and the sources of its finances."

The control board is a quasi-judicial agency headed by Mrs. Dorothy McCullough Lee, a Republican and former mayor of Portland, Ore.

The individuals named in the petitions have 30 days in which to respond to them.

Hearings would then be held by the board and its ultimate decisions would be subject to review by the courts.

Eichmann Dies On Gallows

Norris Sentenced:

Flees Custody; Recaptured With Flying Tackle

GERALD E. NORRIS, 24, of East Stroudsburg, R D3, made a break for freedom yesterday at 11:15 a.m., when he was returned to Monroe County Jail after being sentenced to six to 13 years by Judge Fred W. Davis.

He fled from the jail and ran down N. Seventh St., on the Penn-Stroud Hotel side of the street, across Main St., and down S. Seventh St., before Harold Strunk, a clerk in the Sheriff's office, tackled him. Strunk then held the prisoner until Stroudsburg Police arrived with the police car and returned Norris to the jail. The tackle was made in front of the Dunlop Tire Store.

Norris had just returned from court and was being placed in the jail by Chief Deputy Chester Egdy and Strunk.

Allied Story On Page 3

Norris was sentenced to Eastern State Penitentiary on 26 counts of burglary. He has been awaiting sentence since April 10 when he pleaded guilty to the theft of \$13,601 worth of articles from summer homes in eight Monroe County townships.

A prisoner in the jail said, "Strunk took out of here like he just hit an inside the park home run."

Strunk is a pitcher for a baseball team in the Pocono Mountain League.

Norris was arrested on March 31 by East Stroudsburg Police for stealing some iron pipe from the borough shed. He was quoted by them as saying that he committed the burglaries since the first of the year to obtain money for divorce.

Adolf Eichmann During His Trial

Israeli President Refuses Clemency

TEL AVIV, Israel (AP) — The Gestapo's Adolf Eichmann was hanged by the state of Israel two minutes before midnight Thursday for his role in the Nazi extermination of six million European Jews.

Eichmann, who insisted he was not to blame for the horrors of Hitler's death camps and torture chambers, died on the gallows in Ramleh Prison outside Tel Aviv. He was the first person executed by this predominantly Jewish nation in its 14-year history.

Death for the 56-year-old Eichmann came 2 years and 21 days after Israeli agents captured him in Argentina and smuggled him to Israel by air, ending a worldwide search by Jewish agents that began in the smoldering ruins of the Nazi empire at the end of World War II.

Eichmann was taken to his death less than an hour after President Lhavi Ben-Zvi rejected the final possible appeal for mercy and sealed his doom.

A government statement issued after the hanging said:

"The body was examined by a government physician who pronounced life to be extinct at 2338 hours (11:58 p.m.)."

"The execution was witnessed by the superintendent of prisons, a government physician, an officer of the Tel Aviv district administration, two police officers who were present in court when the death sentence was pronounced to identify Eichmann as the person who was condemned to death, and a clergyman of the Protestant faith. Two representatives of the local press and two representatives of the foreign press were also present."

The final defeat of Eichmann's long struggle to save his life came with sudden swiftness.

Eichmann had sent the president his plea for clemency only Wednesday after the Israeli Supreme Court brushed aside an earlier appeal and upheld the death verdict rendered by the court that tried Eichmann last year in Jerusalem.

Immediately after Ben-Zvi's announcement, word was rushed to the justice ministry, which ordered police and prison officials to make the preparations for Eichmann's execution.

He was taken from his cell in Jerusalem, where he awaited Ben-Zvi's final word, and returned to his cell at Ramleh Prison outside Tel Aviv.

Officials announced that two foreign newsmen would be allowed to witness the execution—one a representative of the British Reuters news agency and the other a representative from the West German press.

Eichmann, condemned as a major accomplice in the Nazi slaughter of millions of Jews, had also sought United Nations and West German help to save him from the gallows.

Sources said he pleaded with his counsel, West German lawyer Dr. Robert Servatius, to petition both the United Nations and Bonn to intervene in his behalf.

Justice Minister Dov Joseph had met with Ben-Zvi in Jerusalem to present his advisory opinion on Eichmann's clemency appeal.

Joseph's advice was not disclosed—but on the basis of the stern judicial judgments against Eichmann he presumably was unable to recommend clemency.

Stock Market Rallies Fully From Monday's Sharp Drop

AP Business News Writer

NEW YORK (AP)—The stock market carried its surging rally through a second straight session Thursday and more than recovered its crushing losses of earlier in the week.

A worldwide avalanche of buy orders kept the rally spinning after an interruption for the Memorial Day holiday.

The market resumed its Tuesday afternoon advance at a swift pace, losing only part of its momentum as profit-takers who bought on the slide Monday and Tuesday morning stepped in to cash their gains.

Enthusiasm Prevails Brokers said the enthusiasm to buy had—at least for the time being—wiped out the panic that triggered the worst slump since 1929. But with profit-taking appearing, the trail ahead was unclear.

An estimated \$7.9 billion was added to the quoted value of stocks listed on the New York Stock Exchange. With Tuesday's gain of \$12.9 billion, the two-day total of \$20.8 billion exceeded Monday's \$19.5 billion loss.

The Associated Press 60-stock average jumped 5.40 to 225.50, topping last Friday's close of 224.60.

The Dow Jones average of 30 industrials posted a gain of 9.40 to 613.36, putting it ahead of the pre-plunge level of 611.88.

Still Below Highs But these two averages were far below their 1962 highs—262.50

for the AP barometer on Feb. 15

and 726.01 for the Dow on Jan. 3. Trading volume reached 10.71 million shares, down considerably from Tuesday's 14.75 million.

The New York Stock Exchange high-speed ticker tape was one hour and 46 minutes behind floor transactions at the close.

Of 1,357 issues traded, 1,071 advanced and 190 declined.

International Business Machines which at one stage was up \$14, closed with a \$9.50 gain at \$392.50. American Telephone, another of the blue chips that had been badly pounded, advanced \$4.75 to \$115.25. Bethlehem Steel advanced \$2.12 to \$37.50. Du Pont \$2.37 to \$211.25 and Sears Roebuck \$3.87 to \$73.

Polaroid lost \$4.25 to \$127.50. Goodyear \$1.75 to \$35.75. Xerox \$1.62 to \$119.87 and Litton Industries \$1 to \$101.87.

The Pacific Coast Stock Exchange in San Francisco also was flooded with buy orders and made a strong advance.

Visitors Galore The high interest the market's gyrations have aroused was obvious when 6,425 visitors trooped through the gallery of the New York Stock Exchange. On a normal day the total is about 2,000.

Interest was sharp in Washington, too, where Rep. Wright Patman, D-Tex., asked Congress to approve a \$750,000 congressional investigation of the market. The inquiry would be made by the House Banking and Currency Committee.

Patman said "Congress ought to know what influences the stock market and how these influences affect the health of the business and credit systems."

Congress last year appropriated \$750,000 for an investigation of the securities industry by the Securities and Exchange Commission. That probe has turned up some irregularities.

Just how long the advance could be sustained became problematical in view of the afternoon's price erosion.

In Washington, chairman William L. Cary of the Securities and Exchange Commission said he sees no evidence that Monday's drop could have been touched off, perhaps deliberately, by market professionals.

Train Wreck In Italy Kills 62

VOGHERA, Italy (AP) — Officials quoted a freight train engineer as saying he had not seen a red stoplight before his 50-ton locomotive plowed into the rear of a standing passenger train, killing 62 Riviera-bound vacationists Thursday.

Eight hours after the crash, the engineer and his assistant turned themselves in to police who had issued a warrant for their arrest for questioning.

Police quoted them as saying they put on the emergency brake at the last moment and jumped from the locomotive.

The death toll might rise.

South Of Milan There were 10 critically injured among 70 passengers hurt in the crash at the Voghera station, 30 miles south of Milan. The 15-coach train bound from Milan had stopped at Voghera in predawn darkness to pick up more passengers for a long weekend along the French-Italian Riviera frontier.

The train was so crowded passengers were standing in the aisles.

Station employees explained afterward why the toll had not gone far higher. They said the two freight cars behind the locomotive buckled up on end, jamming up against a concrete roof over the station tracks, and jerking the plunging locomotive to a halt.

The wreck raised Italy's train death toll to 148 dead in four major rail disasters since last December.

The travelers had left home during the night for early arrival at the Riviera for a long holiday. Thursday, Ascension Day, is a holiday here. So is Saturday, the anniversary of the republic.

\$136,455 Budget For South Wayne

NEWFOUNDLAND — A budget of \$136,455 for the operation of the Southern Wayne Joint School has been set by the Greene and Dreher Township School Boards, and each township plans to set a 50-mill tax rate.

Greene Township directors in a session at the school Monday night, set the rate at 50 mills, a hike of 15 mills, and also set a five dollar per capita tax. Dreher Township, which did not have a quorum at the meeting, indicated that a 50 mill tax rate would be set this year in addition to a ten dollar per capita tax. Dreher's rate last year was 45 mills.

It was announced during the joint session that Sterling Township has turned down the request of the local boards to sponsor the Summer recreation program again this year, because it is backing a similar program at Lake Ariel and Waymart. The Greene-Dreher boards agreed to investigate the possibility of being included in the Hawley recreation program set-up this year in Newfoundland.

It was reported by Leland Cramer, principal, that the Rev. Wesley Kemp, minister of the Washington, N. J., Methodist Church, will be the commencement speaker on June 8 in the school auditorium. The Rev. James Jeffers, minister of the South Sterling Methodist Church, will be the Baccalaureate speaker on June 3, also in the school auditorium.

Bills totaling \$400 were approved and will be submitted to the Wallenpaupack Area Joint School Board for payment at the June 4 meeting at Hawley High School.

A proposed re-scheduling of classes for the 1962-63 term was discussed at length by the directors. It was noted that the plan has the full support of the boards, and that, in many instances, it was felt to be a distinct improvement over the present schedule.

At the close of the joint meeting, Greene Township directors elected Lawrence Grimm treasurer for the 1962-63 term.

Dr. Reed Named To State Board

DR. James A. Reed, East Stroudsburg, was elected to the board of directors of The Pennsylvania Society for Crippled Children and Adults, Inc., at its recent annual meeting in Pittsburgh.

Re-elected to the board at the same meeting was Mrs. Carl B. Rosenkrans, Shepard Avenue, Delaware Water Gap.

Both are members of the board of directors of the Monroe County Crippled Children and Adults Association, Inc., an affiliate of the Pennsylvania Society.

Patrolman Dwyer Retires From S-burg Force Today

By Jim Shafer
Daily Record Reporter

SOLDIER, sailor, athlete, policeman and friend to many, that is William Dwyer who will retire today from the Stroudsburg Police Department after 19 years of service.

To nearly everyone in Stroudsburg he is known as Bill and is often called by that name as he made his appointed rounds in the borough.

Bill became a soldier at the age of 16 when he stretched the truth about his age to enlist in 1st Pennsylvania Infantry, Co. "G", Philadelphia.

While in this outfit he served on guard duty at bridges in the Reading area and at Carpenter's Steel Works, near Reading.

Dwyer was later sent to Georgia where his unit merged with the Pennsylvania National Guard, Co. "G", 13th Infantry, from East Stroudsburg. It was in Georgia

TWO RESERVE soldiers stationed at the U. S. Army Signal Corps depot, Tobyhanna, have been chosen to take part in Operation Look See Roman 3 and 4, an intensive on-the-spot orientation on the mission, training, and combat readiness of U. S. forces serving in Europe.

The two are Captain William B. Black, commanding officer of the 210th Signal Company, an Augusta, Ga., unit, and Staff Sergeant William E. Wright, a member of Philadelphia's 840th Signal Company. Both outfits have been on active duty at Tobyhanna since October, 1961.

Captain Black will participate in the "3" phase of the operation along with 49 other reserve officers starting Sunday, June 3. The following Sunday, June 10, Sergeant Wright joins 49 reserve noncommissioned officers

to begin the operation's "4" phase.

Each group will be flown from McGuire Air Force Base, N. J., to within the shadow of the Iron Curtain in Germany. There they will observe tactical units of U. S. Army Europe in field training, and get a close up look at both the "Wall of Shame" that separates East and West Berlin, and the Iron Curtain itself near Frankfurt.

The operation is designed as a training program for troop information purposes. Upon its completion, which will take slightly less than one week for each phase, Captain Black and Sergeant Wright will be much better equipped to brief personnel of their own and nearby reserve units upon U. S. Army training and operations in Europe.

Bill sat back in his easy chair, smoked his cigar and smiled. He said, "One time the 'skipper' of the destroyer I was stationed aboard took me into a small town in France to enter a track meet. I'll never forget it. I won most of the first place medals and trophies but the thing I remember most is what happened to make me leave the meet."

"It was during the high jumping. I did not know I was going to be entered into a meet and all I had to wear was my bell bottom navy trousers. Well, I had completed several jumps and then after the cross-bar was raised I had to strain a little. In so doing I split the seam of my trousers and that ended me in the competition there," he continued.

He blew a big cloud of smoke into the air, smiled again and said, "I don't recall who we played in the soccer game on Gibraltar but I do remember we went into Spain. To get into the country at that time you passed through a large iron gate."

"The gate was opened in the morning and closed at 9 p.m. If you did not get out by that time you stayed there until the next day when the gate was opened," he concluded.

Bill did not say if he was locked in or if he made it but from the smile on his face, as he looked back through the years, it must have been a close call.

Taught Poles Boxing

He was one of several Navy men sent into Poland by the Red Cross to teach the Polish Army the sport of boxing.

After a three year hitch in the Navy, he returned home and shortly thereafter enlisted for two years in the Pennsylvania State Highway Patrol. Here again he participated among some firsts.

Dwyer was in the first group out of the training school in Hershey to be assigned to vehicle headlight inspection. He was stationed in Doylestown and was later transferred to the sub-station in East Stroudsburg.

Old Barracks

The old barracks were located on Washington St., where the American Legion Home, is now located.

Again he leaned back into his favorite chair, blew another big cloud of smoke into the air, laughed and said, "I guess I can't say I'm the first cop that ever had anything stolen from him but I had a pair of civilian trousers, with a pocket watch, taken while I was on patrol."

At this time there were many "tramps" passing through the area and some would spend the night in the building so they would have a place to sleep and not be exposed to the elements during the night. He believes that it was one of these people that "liberated" the trousers.

Dwyer completed his two year enlistment and was discharged. He returned to Stroudsburg and married the former Elsie Fehr of Stroudsburg.

He was then employed as the private chauffeur for the late Frank L. Patterson. He remained in the Patterson employment for seven years and then accepted a position as patrolman in the Stroudsburg Police Department in 1943.

Bill will be the first policeman in Stroud Lodge, Fraternal Order of Police, to retire and draw benefits from the organization. In addition to this, many businessmen and their employees will miss his daily visit and the short talks he held with them as he made his rounds.

When asked what he was going to do "now that you are retired"? He answered with a smile, "Work a couple of hours a day and then participate in my favorite hobbies — golfing and bowling."

Woman, 80, Hit By Car In S-burg

AN 80-YEAR-OLD Stroudsburg woman suffered a broken hip when she was hit by a car backing from a parking place in front of 20 N. Seventh St., Stroudsburg, at 4:25 p.m. yesterday.

The victim was Miss Bertha Gunsauls, of 35 N. Seventh St. Borough police identified the driver of the car as Shirley Hagerty, 32, of 870 Grove St., Stroudsburg.

Police said Mrs. Hagerty had just entered her car, started the motor and released the hand brake when her foot slipped from the brake pedal and the car drifted backward about eight to 10 inches and struck Miss Gunsauls, knocking her from her feet.

Miss Gunsauls was taken to Monroe County General Hospital and admitted.

Area Worker Hurt In Fall From Tractor

JOHN Lassak, 19-year-old waiter at Vacation Valley, was reported in guarded condition at Monroe County General Hospital last night where he is being treated for injuries sustained when he fell from a tractor Wednesday.

Lassak, who lives at 40 Railroad St., Scranton, hitched a ride on the vehicle, which was being driven by another employee, a spokesman for the resort said yesterday.

He apparently suffered a concussion when he fell from the vehicle, the spokesman added.

Truck Fire Extinguished

STROUD Township firemen extinguished a blaze in upholstery of a truck parked at the rear of E. M. Rinehart, Inc., garage at 1875 W. Main St. shortly after 4:30 p.m. yesterday.

Lester Rice, fire chief, said the fire was caused by a group of boys in the seven to 10 year age bracket playing with matches.

Rice said he visited the parents of the boys involved and warned them they might be responsible for damages.

Rice said upholstery of the truck, owned by the garage firm, was destroyed by the blaze. He said the boys were throwing lighted matches into the truck cab.

Three Divorce Decrees Signed

THREE divorce decrees, signed by Judge Fred W. Davis, have been filed in the office of N. Henry Fenner, Monroe County prothonotary.

They went to Anna Jane Potter, Stroudsburg, RD 2, from John B. Potter, Falmouth, Ky., on grounds of indignities; Marie P. Hinton, East Stroudsburg, RD 2, from Chester C. Hinton, 301 N. Courtland St., East Stroudsburg, desertion, and Roberta Ann Van Brock, Stroudsburg, RD 1, from James W. Van Brock, Chippewild Dr., Stroudsburg, indignities.

Mrs. Mae Young Services Held

SERVICES for Mrs. Mae Gravelle Young, 67, of 512 Sarah St., Stroudsburg, were held yesterday at 2 p.m. in the Daniel G. Warner Funeral Home with the Rev. John A. Bollier officiating.

Interment was in the Stroudsburg Cemetery.

Palbearers were Carl Wagner, Kenneth Adams, Edmund Shay and Burton Miles.

5-10 And 1-3 Years

Norris Sentenced To 2 Terms

GERALD Eugene Norris, East Stroudsburg, RD 3, yesterday was sentenced to serve consecutive terms of five to 10 and one to three years in a state correctional institution on burglary charges.

Norris, who pleaded guilty earlier to 26 counts of burglary and one of larceny, was sentenced on only seven counts by Judge Fred W. Davis.

He received five to 10 year sen-

tences on three of the counts, to be served concurrently and one to three year sentences to be served concurrently on two counts with the sentences to start after completion of the other three.

In addition, he was directed to pay a fine of \$100 and costs and make restitution on all seven counts.

Joseph J. Hytovick, 19, of 260 Poplar St., Dickson City, and William H. Rhodes, 29, of 328 Willow St., Scranton, who previously pleaded guilty to burglary charges, were sentenced to serve 10 to 23 month terms in Monroe County Jail, dating from April 17 of this year. They were also fined \$100 and costs.

Fined \$300

Leon L. Kenjorski, 47, Delaware, N. J., who pleaded guilty to issuing worthless checks, was placed on probation for two years, fined \$300 and costs and directed to make restitution of \$736.08 by July 1.

Charles Gresack, 44, Hackettstown, N. J., who pleaded guilty to passing worthless checks, was given a two-year probation on

each of two counts and was fined \$200 and costs on one and \$100 and costs on the other. He was also ordered to make restitution.

Philip R. Singer, 28, of 11 E. Kistler St., East Stroudsburg, and his brother, Richard E., same address, who pleaded guilty to turning in a false fire alarm, were placed on probation for one year and fined \$50 and costs each.

Placed On Probation

Benjamin F. Pensyl, 20 Washington St., East Stroudsburg, who had pleaded guilty to corrupting the morals of children, was placed on probation for three years and fined \$300 and costs.

Vernon Hinesline, 44, Bushkill, and Donald Van Why, 32, of 20 Gilbert St., East Stroudsburg, charged with furnishing malt beverages to minors, were fined \$100 and costs each.

Have them write the family name in stone. It will last forever.

What Puzzles Meany?

George Meany, head of the AFL-CIO, at a recent White House Conference on National Economic Issues, challenged the National Association of Manufacturers to produce a plan to assure that increased profits would mean increased jobs.

His comment to Charles R. Sligh, Jr., NAM executive vice-president, indicated that he was skeptical of a relationship between profits and employment.

His own years of experience in the labor movement must have shown Mr. Meany this relationship quite clearly. A profitable business expands and hires more workers, as Mr. Meany knows. When business is generally profitable, new businesses spring up to take advantage of the profit-making opportunities. No master plan is needed to secure this.

But when a company is unprofitable, it lays off workers or shuts down, causing unemployment. Many of Mr. Meany's unions over the years have decided to cut their own wages to try to keep unprofitable companies in existence as employers.

Mr. Meany also knows that in recent years, profits have remained al-

most the same in dollars, and that billions in new investment have failed to increase dollar profits. As a percentage of the gross national product or as a percentage of the sales dollar, profits have fallen consistently. These also are the years in which chronic unemployment and slow economic growth have become major concerns.

Profits are depressed because taxes and labor union demands have forced costs up at a time when price increases can't be made in sufficient degree to recover the increased costs. Profits always are "what is left" when all costs are paid, and these things have left less and less.

Now Mr. Meany's organization has announced a drive for a 35-national work week, with no cut in the present 40-hour day. This will amount to a 14 percent increase in labor costs (not counting overtime) at a time when profits are already relatively low, and when prices must remain pretty well stationary to produce sales to today's shoppers.

If this drive is successful, Mr. Meany and his members may have a further lesson to consider, as unemployment results from this further squeeze on already inadequate profits.

Taxes Take A Big Bite

Have you any idea how long you work in each 8-hour day just to pay taxes?

Or do you realize that nearly one-third of the average American family's income goes for taxes — at their existing levels?

U. S. Senator Hugh Scott reviewed this situation recently with facts gathered from tax accountants.

They figure that in the average 8-hour day most of us work two hours and 29 minutes to cover our tax bills. These include both direct and hidden levies.

Here's the way the work day is divided for most of us, according to the senator:

Taxes, 2 hours and 29 minutes.
Food, 1 hour and 39 minutes.
Rent or mortgage payments on home, 1 hour and 25 minutes.

Medical care, 24 minutes.
Clothing, 37 minutes.
Recreation, 20 minutes.
Transportation, 42 minutes.
All other purchases, plus insurance and charity, 24 minutes.

Commenting further on these items, Senator Scott says: "This is a dramatic illustration of how vitally wage earners are affected by excessive government spending. Increased government outlays mean more taxes."

"Is it any wonder, then, that more and more people — when confronted with a suggestion that the government should spend more — ask: Which family expenditure will we have to cut in order to meet the increase in taxes?"

It is a pertinent question and a good one. In fact, it's a question which should make us stop and think about the growing costlines of government.

The Church And The Empire

Two phases of the Marxian Revolution affect all peoples today:

1. The Church — that is, the Marxist ideological concept and ritual which has been developed into a crusading Communism. This exists in all countries, Communist, Neutral, or Western.

The principal agency of this movement is the Communist Party which in a country such as Italy is still large in membership although Italy is an anti-Communist country. In the United States, this Party is very small.

Its indirect influence is extensive because many of its ideas have been absorbed both by the intelligentsia and the populace. For instance, there is no longer a capitalist country in the 19th Century sense.

Everywhere there is some kind of mixed economy, the best example being the United States where there are not only numerous controls over the means of production and distribution but also a large number of government owned and operated enterprises.

There are many manifestations of Marxism but what concerns us might best be described as Communism. And there are many types of Communism. For instance, in Soviet Russia, Marxism is a socialism which employs many of the devices of capitalism.

The more industrialized Soviet Russia becomes, the less "pure" are its Communist characteris-

tics. What actually is happening here seems to be that an incentive system is producing a new type capitalist elite, similar to the American self-made men of the early 20th Century.

On the other hand, in Yugoslavia, there seems to be a wider division of the benefits of production, while in Red China, an effort was made to turn an anarchistic, patristic society, vestigially feudal, by a great leap, into a primitive Communist society.

Nowhere has Marxism succeeded in its major effort which is: by redistribution of the income from production and distribution to create a classless society.

In fact, it may be said without contradiction, that the idealistic economic and social aims of Marxism are more manifest in such countries as the United States and Great Britain than in any Communist country where the standards of life remain contemptibly low.

2. The driving force of the Marxian Revolution has been an evangelical effort to convert the entire world not only to the economic and political forms of Marxism-Leninism but also to its basic sociological concept which is that man is a casual product of the struggle for biological form and existence.

Out of this evangelical effort, which at first was propagandistic, then politically infiltrating, has developed an imperialism both political and military.

Soviet Russia has conquered a good part of Europe, becoming

the successor to the Hapsburg Empire as well as to the Romanoff Empire. It took a large part of Germany from the Nazi Revolution. As the principal beneficiary of World War II, Soviet Russia conquered China and presented it to the Chinese Communist Party.

It also developed a political enclave in the Moslem countries of West Asia. Its rise was so rapid and successful that a number of important European, Asiatic and African countries either became satellites or declared themselves neutral between the United States and Soviet Russia.

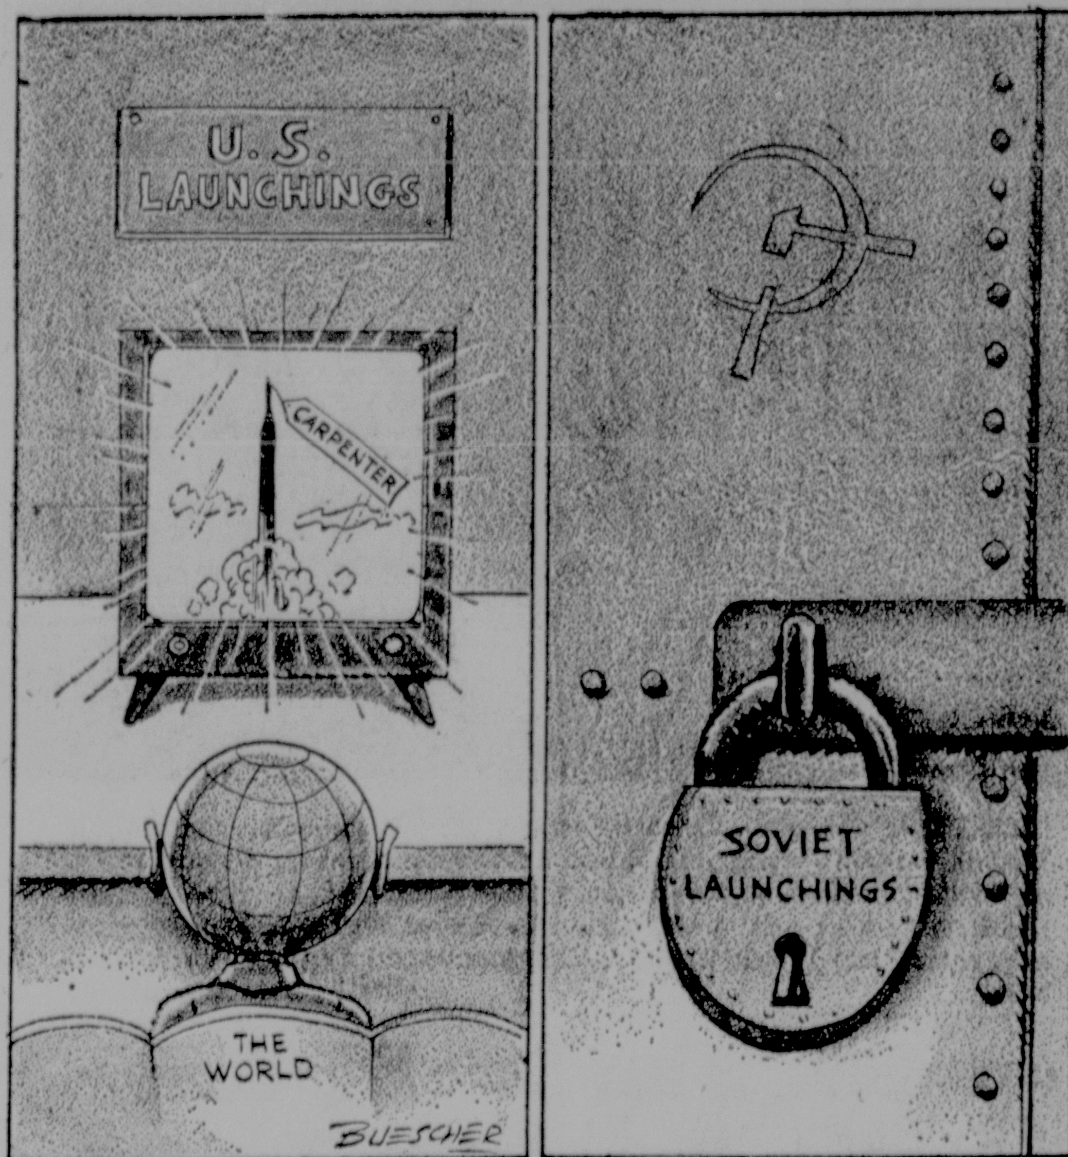

Red China, as I have already indicated in these columns, is moving imperially throughout East Asia, seeking to build an Empire as large as that of the Emperor Chinglung.

The technique of Red China is to stimulate civil war within a country, to support one faction with arms, "volunteers" and money, and then to pacify the country by means of "advisors." The present wars in Vietnam, Laos, Thailand and Indonesia are examples of Red Chinese techniques.

Cuba is another example of Soviet Imperialism. There never was a time when the Castro Revolution was not Communist. There never was a time that our government was not accurately informed that Castro, his brother Raul, Che Guevara and the principal men in the Castro Revolution were Communists.

And so a Marxist state was established in Cuba and it followed the general pattern of Marxism everywhere. Therefore, one of its first functions has been the evangelical one of seeking to establish Marxist states throughout the American continents.

The question that needs to be considered is upon which form are we to concentrate our opposition, the Church or the Empire — Soviet Russia, Red China, Yugoslavia, Cuba. Should the Empire fall, the Party will wither on the vine.

A Picture Is Worth A Thousand Words

Harrisburg — Reporter's Notebook:

Gubernatorial Milestone — Today marks a couple of milestones for Pennsylvania's Governor David L. Lawrence.

In the first place, June 1 heralds the completion for the Keystone State's 102nd chief executive of 41 months at the helm of Pennsylvania's ship of state. . . He now begins the waning seven months of the gubernatorial twilight zone. . . In January he will turn the reins over to either Democratic gubernatorial hopeful Richardson Dilworth or Republican aspirant William W. Scranton.

The month of June has another significant connotation for gray-haired and peace-loving David L. Lawrence. . . On June 18 he will have reached the youthful score of 74 years — oldest governor in the history of the Keystone State.

The Common Eyeball — Ordinarily Republicans and Democrats — especially in the realm of rough and tumble Pennsylvania political circles — rarely see eye to eye. . . At

the moment however there is one thing in common to both political parties.

Both Republican State Chairman George I. Bloom and Democratic State Chairman Otis B. Morse have "indicated" in a somewhat shy and pointed manner that each is willing to accede to (tremendous and exotic) pressures of some sort and accept their respective party chairmanships for another term. . . The post of state chairman is up for filling in both parties this month — Democrats meeting June 15 to fill the spot and Republicans (unintentionally) the following day.

Chances are good that both Morse and Bloom will be returned to their leather chairs for another term of glowering at each other in public.

Chief of the Hotfooters — Unquestionably at this point the title of "chief hotfooter" (for whatever that may be worth) must go to one Richardson Dilworth, Democratic gubernatorial hopeful, who in the past primary campaign put in personal appearances in 60 of Pennsylvania's 67 counties.

For a primary campaign that had little substantial opposition that record isn't one to be sneezed off with a pinch of snuff. . . As for the coming general campaign, hotfooting Richardson Dilworth vows he'll not only make every county in the state (again) at least once, but will cover some of the more critical areas two, three or four times, or in his own words, "or whatever is necessary."

Inadvertent Watering-Down — Republicans who had planned to hammer hard on the unemployment issue in the current statewide campaign have had some of the wind snipped out of their sails — but perhaps only for the moment.

One of the prime issues on the GOP campaigning agenda has been unemployment in the Keystone State — which most certainly over the years has been a thorny and turbulent point. . . George Leader used it quite effectively during his campaign of 1954.

However at the moment, while there is still an unhealthy number of unemployed, latest reports show that the employment in April rose to the highest level of the year while unemployment dropped by some 100,000 below the unemployed total for a year ago. . . Nevertheless — there are still some 250,000 unemployed Pennsylvanians and indications are the rosy April picture will not hold indefinitely.

Mumble and Groan Department — Pennsylvania's state payrollers — some 80,000 of 'em — were in a mumble and grumble mood this week over Capitol Hill cafeteria coffee cups as they watched Memorial Day come and go on Wednesday without benefit of the usual "extended week end" they've been accustomed to over the years when it falls on Monday or Tuesday or Thursday or Friday. . . Caught in the flat middle of the week this year, there was nothing they could do — and like everyone else, it was mumble and grumble! . . . (We're right in there with 'em!)

By Robert S. Allen and Paul Scott
Washington, June 1 — Another top Cuban Communist leader is being axed. Lazaro Pena, Moscow-trained secretary general of the Labor Confederation, executive committee member of the ruling Integrated Revolutionary Organization, and vice president of the Reds' World

The Allen-Scott Report

Recent Castro Tirades Indicate More Ousters

Federation of Trade Unions, is definitely slated for early ousting.

The mulatto one-time tobacco worker will be succeeded by Augusto Martinez Sanchez, head of the Cuban Workers Union Commission, and high among the so-called "new line" Communists, gaining influence under Castro.

Fate of Pena is still undecided. Most probably, he will be shipped to Russia, where he lived from 1954 to 1959, when Castro came into power. That is what happened to Anibal Escalante, chief organizer of the Cuban Communist party and a member of the IRO executive committee, when he was ousted by Castro last March.

As in the case of Escalante, Pena's head-rolling is being presaged by bitter diatribes against him by Castro.

The booted Cuban dictator blasted Pena at two recent inner council meetings. Castro lately blamed him for the continued high rate of unemployment, and the mounting unrest among the laboring masses.

At the same time, while exonerating Pena, Castro went out of his way to laud Sanchez. Significantly, none of the other Red moguls said a word in Pena's defense.

In fact, Carlos Rodriguez, editor of the Red newspaper HOY and ruler of the powerful Agrarian Reform Institute, is letting it be known he heartily agrees with Castro. This is the same course pursued by Rodriguez when Escalante was purged.

Blas Roca (real name, Francisco Calderin), secretary general of the Communist party and rated as top Cuban so far has said nothing. Castroites are increasingly hinting at growing rivalry between Roca and Rodriguez over their influence with Castro.

More Feuding — Havana insiders are going so far as to say Roca will be the next Moscow-trained henchman to be ditched.

It's an open secret he is at loggerheads with Raul Castro, younger brother of Fidel and boss of the military, and "Che" Guevara, Argentine-born Communist and longtime intimate of Fidel. Raul and "Che" have repeatedly clashed with Roca. Latest principal dissonance between them is over the flow of refugees from Cuba.

Roca, chief spokesman of the "old line" Communists, is demanding this be stopped. He contends Cuba is losing its most valuable manpower, especially in the professions and trained skills. But the "new line" Reds, headed by Raul and "Che," and apparently supported by Rodriguez, don't set it that way.

"They favor a 'controlled' exodus on two grounds: It serves as a safety valve to get rid of potentially dangerous 'malcontents' and enables the regime to consolidate considerable property from those leaving."

So far, more than 135,000 Cubans have fled, chiefly to the U. S. Departures are now running at the rate of around 3,000 a month. If the exodus continues, Immigration authorities estimate that some 200,000 Cubans will reach this country by 1964.

Cuba Libre — As in all other Communist-ruled countries, Cuba's agriculture is in a mess. This year's sugar production is the lowest in decades. Final figures haven't been revealed as yet, but all indications are that the total output will be around 4.5 million tons, as against a norm of 5.6 million tons. This drastic loss is forcing Castro to sharply cut exports to the Soviet bloc, his principal market, and even to ration sugar to his own people.

Next to Russia, Czechoslovakia has become the principal training ground for Cubans. More than 500 are now undergoing instruction there, about half of them in universities. . . Under a new so-called economic aid program for Cuba, the Soviet is supposed to increase the latter's electric power production by 300,000 kilowatts by 1945 oil refining by 150 per cent from the present 111,000 barrels-a-day level by 1964, and to erect a 500,000-ton steel mill at Santiago. All this is to be paid by Cuban exports, chiefly sugar, tobacco, fruits and vegetables.

Bangor Students Cited At Awards Assembly

BANGOR — The Annual Awards Assembly was held in the Bangor Area Joint Senior High School Auditorium with Arnold Wynne, Guidance Director, in charge.

In addition to the various awards presented, musical numbers were rendered by three students of the Senior Class. Paulette Martin played parts of the "Grieg Concerto" on the piano; Roger Bet played "Lady of Spain" on the organ; and Ralph Romano rendered on the accordion "Twelfth Street Rag" and "Tiger Rag".

Parents Held In Child Beating

ARNOLD, Pa. 4(AP) — The mother and stepfather of an 8-year-old girl face a hearing Friday on charges they beat the girl and left her bound and gagged at their home.

Mr. and Mrs. Jack Liddle will go before Alderman William DeMao. They were jailed Wednesday after their arrest at a hotel near New Kensington. They were charged with neglect of a minor and assault and battery.

Jedda Ricketts was found on a couch on the second floor of their home. Her hands and feet were bound in bedsheets, and there handkerchiefs in and around her mouth and around her chin and head.

Police said they went to the home on a tip from a neighbor who believed the child was tied up. Finding the door locked, they got a ladder and climbed through a second-floor window.

Police quoted Jedda as saying she had been tied about two hours before they arrived. She said she had not eaten for two days.

A doctor's examination revealed welts on her arms and legs made by the bedsheets and a stomach bruise.

The child also told officers her parents had tied her and beat her several times before. Liddle is 32; his wife 35.

The Salvation Army placed Jedda in a private home.

Jap Sentenced

TOKYO (AP) — The District Court Thursday sentenced Misao Oki, former deputy governor of Tokyo, to two years in prison and fined him the equivalent of \$11,000 for violating the public election law by buying votes.

Earl Lutz, advisor to the Student Council, introduced the present Student Council officers and presented them with pins. The officers are Leo Reimer, president; Terry Wildrick, vice president; Linda Mack, secretary; and Judy Houck, treasurer.

Next year's officers introduced are Gary Dell'Alba, president; Patty Calviero, secretary; Judy Dietrich, vice president; and Judy Houck, treasurer.

Awards were presented to the following Council members: Alexander Gale, George Everett, Judi Share, Audrey Moyer, Janice Lucenzi, Judy Vester, Judy Fields, Connie Hughes, Sandy Blitz, Patty Calviero, Sharon Miller, Judy Vandoren, and Marlene Hill.

James Drury, Visual Aids Club advisor, awarded activities certificates for faithful service to George Everitt, William Snyder, Terry Evans, and Neil Mengel.

Good Citizen's Wynne presented the DAR Good Citizens Certificate to Audrey Moyer. Audrey was selected on the basis of dependability, leadership, service and patriotism. He introduced Judy Fedorchick who received The Future Homemakers of Tomorrow Award for scoring highest in the school in a Future Homemakers Test. Wynne presented to Leo Reimer The National Football Foundation and Hall of Fame Scholar-Athlete Award Scroll. The award is presented on the basis of football performance, academic achievement, and scholarship.

Mrs. Olive Hamma, advisor to the Tri-Hi-Y, announced that the club had received a plaque honoring it as one of three clubs in the district to be so selected for its fine work. The club also received a banner award for meeting the requirements of the Teen Talk Course for 1962. Mrs. Hamma presented a past-president's pin to Paulette Martin and awards for 3 years of service to Paulette Martin, Wilma Miller, Margaret Hamma, Carolyn Lohman, Barbara Adams, Carole Albert, Judy Berger, Carolyn Creighton, Sharon East, Karen Godshalk, Judy Luscombe, and Karen Strauss. Two years of service awards went to: Diane Ackerman, LeRonnie Fisher, Gail Dobler, Brenda Fehr, Betty Godshalk, Karen Jones, Larriatta Kaniper, Crista Leidy, Charlene Smith, Carol Strauss, and Pamela Wise.

Wynne announced that Mrs. Hamma had been presented with a plaque by the State YMCA for Tri-Hi-Y leadership.

Industrial Prices Remain Steady

NEW YORK (AP)—Buyers resistance, overcapacity and spotty demand held industrial prices about steady during May, a business publication said.

The Daily Record, The Stroudsburg, Pa. — Fri., June 1, 1962

Purchasing Week reported its May index was unchanged from the previous month and about the same as a year ago except for seasonal gains in gasoline prices. The magazine predicted little change during June.

Just Between Us—

By Bobby Westbrook

In the interests of science, I can report that the first few raindrops, landing on a back that is sunburned to just the right degree, have a tendency to hop around like water on a hot stove.

In the interests of common sense, I should have known that the way I play nine holes of golf that's too long to stay out in the hot sun. A fine mother-of-the-bride I'm going to make, peeling like a snake shedding its skin.

But fortunately I had the visit with Mrs. Pfeieger to sort of put things back in proportion. At 55, memory has a way of forgetting the problems over which you fretted and stewed, and remembering only the happy times. Except at 96, I doubt if I have the pep and humor Mrs. Pfeieger has managed to preserve.

But it is true that things have a way of working themselves out. Over the past few months, I've been making like Cassandra after every Community Chest meeting, where the leaders, good men and true and

working like trojans, couldn't help feeling frustrated and rather discouraged that despite their best efforts, they couldn't seem to fight public apathy and lethargy.

People used the Community Chest agencies; they didn't want twelve more separate campaigns, but they went right on letting somebody else worry about it and contributing as if it were just one campaign.

What we need, I opined, is a man on a white horse. Well, last night there appeared not just one but four men on white horses, and that ought to rouse the populace, as they go galloping off to every Monroe County village and farm like quadruple Paul Reverses.

The ultimate results, of course, still depend on the people, but we certainly are going to be given an opportunity. We've wanted family service and we're going to get it: we've wanted a real United Campaign and the addition of the Red Cross is a giant step in that direction. Now the only thing left is for us to pay for it.

Burkett To Receive BA At Lycoming

Williamsport — Harold Burkett, son of Mr. and Mrs. Delbert Burkett, RD 2, Saylorsburg, will be awarded the Bachelor of Arts Degree from Lycoming College, at the college's 114th Commencement to be held Sunday, June 3.

Dr. D. Frederick Wertz, president of the college, will confer degrees upon 141 seniors, 85 receiving the Bachelor of Arts degree and 56 the Bachelor of Science degree.

The commencement speaker will be Dr. William P. Tolly, Chancellor of Syracuse University, Syracuse, New York.

Burkett was in the Pre-Medical curriculum, majoring in history. He was graduated from Chestnut Hill High School, Brookheadsville, in 1956.

Bible Club Rally At Beakleyville

The closing rally for the East Stroudsburg and Beakleyville Bible Clubs will be held tonight from 7 to 8 p.m. at the Beakleyville Baptist Church.

There will be a gift for each child. Memory verse trophy cups will be presented and there will be an award for the child bringing the most visitors. Parents and the public are invited.

The rally is under the direction of Mrs. Elsie Keiper and Mrs. Bessie Park, Bible Club teachers for Monroe County.

Seventh Grade Musical Scores At Stroud Union

The first public performance by a seventh grade class at Stroud Union High School, put on at night and with an admittance price, proved a "smash hit" according to the seventh graders and many of their audience of about 1,000 people.

An original musical comedy, "Survival of the Fittest" was based on school activities adopted to popular song tunes. Upper-classmen shared in the enthusiasm, being particularly amazed that "They got boys to dance!" in the "Beatnik Dancers."

Another scene that brought laughter was the "Cafe Teria" with the surprise presentation of pedagogical awards. With Bob Hope's recording "Thanks for the Memories" as background music, each teacher of seventh grade subjects was presented with a yellow carnation while pertinent comments about their subject were given.

A final surprise came in the presentation of a gold brooch to the director, Mrs. Judy Cox. The brooch was inscribed with the name of the play and the class which presented it. She also was presented with a bouquet of carnations and roses by Randy Rupert, student director.

The arrival of the class of '67 at Stroud Union with Penny Berger as narrator and Elliot Brown writing the words to "Hey Look Us Over."

Orientation featured the Beatnik Dancers, Randy Rupert, John Wells, Alex Kearn and Don Gilpin, choreographed by Deb Flick; a duet, "What Does the Senior High Do," sung by Janne Helgren and Nancy Wilson, also written by Elliot Brown; and a solo "There is Nothing Like an Upper-classman," sung and written by Greg Possinger.

Homework and classes featured a quintet in "We Figured It Out," written by Rita Miller, and sung by Janne Helgren, Judy Veety, Deb Flick, Darlene Geis and Berrill Dennis.

The second half of the program opened with the Cafe Teria scene with Elliot Brown as master of ceremonies; a dance by the Rockets: Janne Helgren, Cheryl Blythwood, Deb Flick, Judy

Mrs. Pfeieger Celebrates 96th Birthday At Party

With a birthday cake and all the trimmings, Mrs. Magdalene Pfeieger celebrated her 96th birthday at Laurel Manor where other guests shared the cake provided by her son and daughter-in-law.

Mrs. Pfeieger, born in 1866 in New York City, is still spry as a cricket and prides herself on being independent. "I never had too much money, but I learned to hang on to what I had," she said yesterday.

"And it wasn't in stocks, either," she added, "but from savings." After the death of her husband, Mrs. Pfeieger worked for a few years as a saleswoman in a department store.

Basically hers has been a good life, she said, and she is proud of her son and daughter, her grandchildren and nine great-grandchildren.

As to her philosophy of life, she said "You've got to learn to take the bitter with the sweet. When I have aches and pains, I feel down but as soon as I feel better I pop right up again and discover that life is sweet after all. I've learned to make the most of what I have left," she said with a twinkle.

The entire troop earned the hospital badge.

Three Scouts, Marianne Majer, Dolly Gottschall and Christine Smith completed their work for first class rank.

A short play, "Johnny Appleseed" was presented by the group which also presented the Virginia Reel and a square dance. Miss Gladys Dyson is also a troop leader.

Clearing House Calendar Lists June Special Events

The June Clearing House Calendar, closing up the community service of the Woman's Club of the Stroudsburgs until September, presents a dwindling list of special events as the vacation season begins, but it also includes some of major interest.

In the calendar, released yesterday by Mrs. Robert Hellmann, the following events have been entered:

Thursday, 7: Laurel Blossom Festival Begins.

Friday, 8: Laurel Blossom Cotillion, Pocono Manor, sponsored by Junior Woman's Club.

Saturday, 9: Coronation of Laurel Blossom Queen, Hawthorne Inn, 3 p. m. "Salute to the Seasons." Laurel Blossom Show, East Stroudsburg High School auditorium, 8:30 p. m.

Tuesday, 12: Commencement exercises, Stroud Union High School.

Wednesday, 13: Hadassah Fashion show, Tanniment, Bushkill.

Saturday, 16: Monroe County Historical Society bus trip to Washington's Headquarters, Morristown, N. J.

Saturday, 30: Class of 1962, Stroud Union, class reunion, Echo Lake Farms.

Carnivals in July Of all the strawberry festivals, church bazaars and firemen's carnivals planned for July only two have been registered for the

calendar: Monday, July 9-14, Jackson Twp. Fire Co. Carnival; July 27-Aug. 4: Bushkill Fire Co. Carnival.

Report On The Delaware River Basin

A Daily Record Feature

Philadelphia District Engineer Reports Progress On Projects

(Second Of A Series)
By JOSEPH A. CUSACK
Managing Editor
The Daily Record

(Editor's Note: The intense interest generated in this area by the recent creation of the Delaware River Basin Commission and the anticipated imminence of the Tocks Island Dam and reservoir, has resulted in a special series by The Daily Record to bring area residents up to date on pertinent data.)

(The recent annual meeting of the Water Resources Association of the Delaware River Basin at the Princeton Inn, brought out many committee reports and reports of various officials, which will be of interest to our readers. It is our intention to publish these reports in full in this series.)

(The second of the series is the detailed report of Col. T. E. Setcliffe, District Engineer of the Philadelphia District, U. S. Army, Corps of Engineers. Col. Setcliffe has been connected with the Delaware River Basin for a number of years, and has had particular interest in the preliminary plans for the Tocks Island Dam and reservoir. The recent transfer to foreign service was put aside so that the Colonel could complete work on a number of projects in the Basin.)

Report Of The District Engineer Colonel T. E. Setcliffe

"Mr. Dressler, executive secretary of the WRA-DRB, has asked me to report on the current status of the Delaware River Basin Report. This I will do and for good measure I will throw in several additional topics of particular interest to the members of this Association — flood plain information studies, activities on the Delaware River and the Chesapeake and Delaware Canal, and the emergency work under way along the Coasts of New Jersey and Delaware.

"First, the Delaware River Basin Report has been reviewed by the Board of Engineers for Rivers and Harbors and by the Chief of Engineers, by the Governors of the affected states and the Federal Agencies, and has been submitted to the Bureau of the Budget. The review by the Bureau of the Budget is expected to be completed shortly.

"When these comments have been received, the Chief of Engineers will forward the report to the Secretary of the Army for transmission to Congress. It is expected that the project will be considered for authorization this session of Congress. We are hopeful the plan will be adopted and the recommended projects authorized by July, 1962. There seems little doubt that the President will approve this plan.

"You may recall that on 13 December 1961 General Lipscomb advised the Commission that, based on past experience, it normally takes several years before funds are appropriated. He indicated, however, the Delaware River Basin Commission could take several steps to keep this time lag to the minimum.

"To receive favorable consideration, the Delaware River Basin Commission will have to produce preliminary assurances that the Commission intends to consummate firm contracts for reimbursable water supply items by the end of the calendar year 1962. If these preliminary assurances were sufficiently firm by July, 1962, a request for funds would be eligible for consideration in formulation of the Fiscal Year 1964 Budget.

"In the event the item is included and passed, funds would be received in the Basin about September, 1963. First year funds could best be used to begin detailed planning for the structures and to define the lands required. The first project could be operational by about 1968.

"General Lipscomb pointed out that his thoughts on future processing were conjecture based on past practice. He felt that the dates offered were reasonably attainable and that it did not

seem likely they could be much improved.

"Closely related to the Basin Report are the flood plain information studies of this District. These studies are being made under the general authority of Section 206, Public Law 86-645, to compile and disseminate information on floods and flood damages, including identification of areas subject to inundation by floods of various magnitudes and frequencies, and general criteria for guidance of the States and municipalities in the use of flood plain areas, and to provide engineering advice to local interests for their use in planning to ameliorate flood hazards.

"The Philadelphia District is working on flood plain information studies of Wissahickon Creek, Neshaminy Creek and the Delaware River bordering Bucks County, and Rancocas Creek.

"a. Montgomery County Planning Commission applied for study of Wissahickon Creek 28 March 1961. Application was approved by Office, Chief of Engineers, 22 June 1961 and \$14,000 was received 26 October 1961. Contract was awarded 3 May 1962 for preparation of contour maps of the flood plain from aerial photographs. This study is scheduled for completion early in 1963.

"b. Bucks County Planning Commission applied for study of Neshaminy Creek and the Delaware River bordering Bucks County of 9 October 1961. Application was forwarded to higher authority 23 February 1962. Supplementary information was received 8 May 1962 and also sent forward. No funds have been allotted for this study.

"c. Burlington County Planning Commission submitted draft of an application for study of Rancocas Creek 20 March 1962. Draft was reviewed at a meeting 30 March 1962 and is now being revised by County and State officials.

"Another current study of interest to this Association is the investigation of the Delaware River in the vicinity of Easton, Pennsylvania, under Section 107 of the 1960 River and Harbor Act. Local interests have reported that about 300 to 400 outboard motor

boats operating in pools between Easton and Belvidere are restricted to 2 or 3 miles by shoals or riffles. Consideration will be given to dredging channels between the pools to permit free movement along the 12-mile reach between Easton and Belvidere.

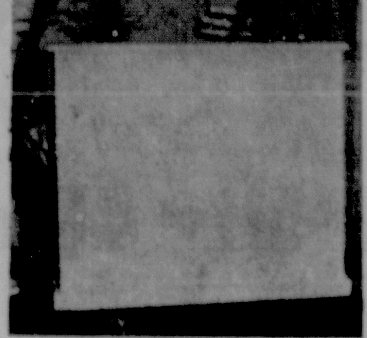

"On Delaware River navigation, you know that we will complete the 40 ft channel to Newbold Island in June, 1963; Newbold Island to Trenton awaits local cooperation.

"Further down river at the Chesapeake and Delaware Canal, we awarded a contract on 16 February 1962 for \$8,354,562 for relocation of the channel of the Canal in the vicinity of the Pennsylvania Railroad Bridge, 16 miles southwest of Wilmington, and for construction of the substructure of a new railroad bridge.

"The contract requires the excavation of 13,500,000 cubic yards of material to provide stabilized canal banks for a channel 450 feet wide and 35 feet deep, and an interim navigation channel 250 feet wide, 29 feet deep and 10,400 feet long. Work under this contract is scheduled for completion in 1,000 calendar days.

"This is a major new start on a project of great import to the Delaware Valley — a \$100 million project.

"Finally, a brief resume of our

Col T. E. Setcliffe

disaster operations along the coast of New Jersey and Delaware following the storm of March 6 and 7, 1962.

"Under the auspices of the Office of Emergency Planning, we are performing the engineering and construction services under Public Law 875 for the emergency shore protective works required along 100 miles of the New Jersey coast from Manasquan Inlet to Cape May, and for 55 miles of shoreline along the Delaware Bay from Kitts Hummock to Cape Henlopen and along Delaware's Atlantic Coast from Cape Henlopen to Fenwick Island.

"On 9 March, two days after the storm, work began on the area and consisted of plugging major breaches and construction of about four miles of emergency

Lions Hear Ex-Gap Mayor

LAFAYETTE Smith, former mayor of Delaware Water Gap, was the guest speaker at the recent meeting of the Stroudsburg Lions Club.

In addition to his talk he displayed a collection of old and rare coins.

In his talk he gave the history of several coins, one from the early Roman Empire, another from the Civil War period, and others from England.

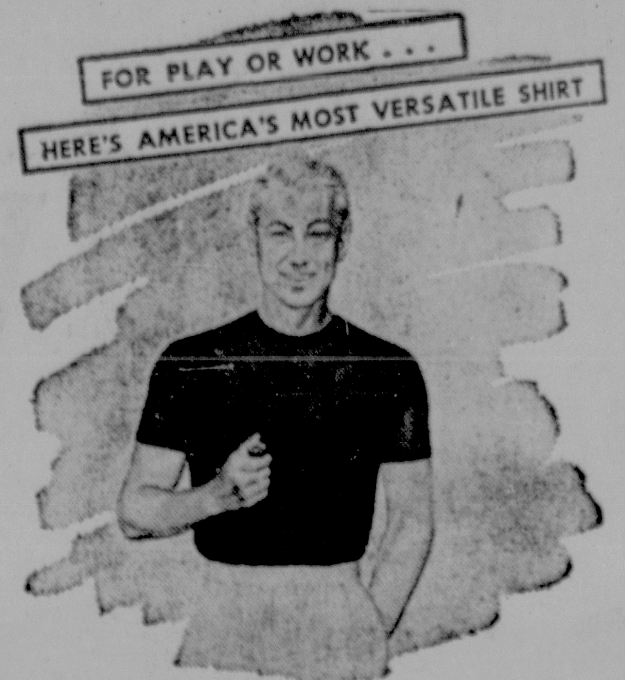

In other business Lester Abeloff, president, reminded the members of the meeting in June when the installation of local and district officers will be featured.

The House Of The Week

Vacation Home: Sound Investment, Retreat

By JULES LOH

THERE are any number of reasons why vacation homes are being built at a greater rate today than ever before—shorter work week, better highways, longer vacations, to name only a few.

But probably the main reason is that for many families a vacation house represents a sound investment.

Not only is it a place to spend leisure time in any season but, if designed with care, becomes

a perfect spot for comfortable living during the years of retirement.

House of the Week readers get their choice this week of two such dual purpose homes. They are designs J-22 and J-23 in the series, and study plans of both houses come with an order for either. Architects of both homes, Herman H. York and Lester Cohen, gave as much attention to looks and planning detail as they would a standard home.

Swiss Style J-22

A recent trip to Switzerland influenced architect York in his design of this chalet-type hideaway.

The house is a perfect 24-foot square containing 576 square feet of living area. It can accommodate four persons in two bedrooms, with additional overnight accommodations possible in the large living room.

Its exterior side walls are covered with what is known as "flitchy pine"—straight sawn boards with the bark intact, an especially attractive feature on a heavily wooded lot.

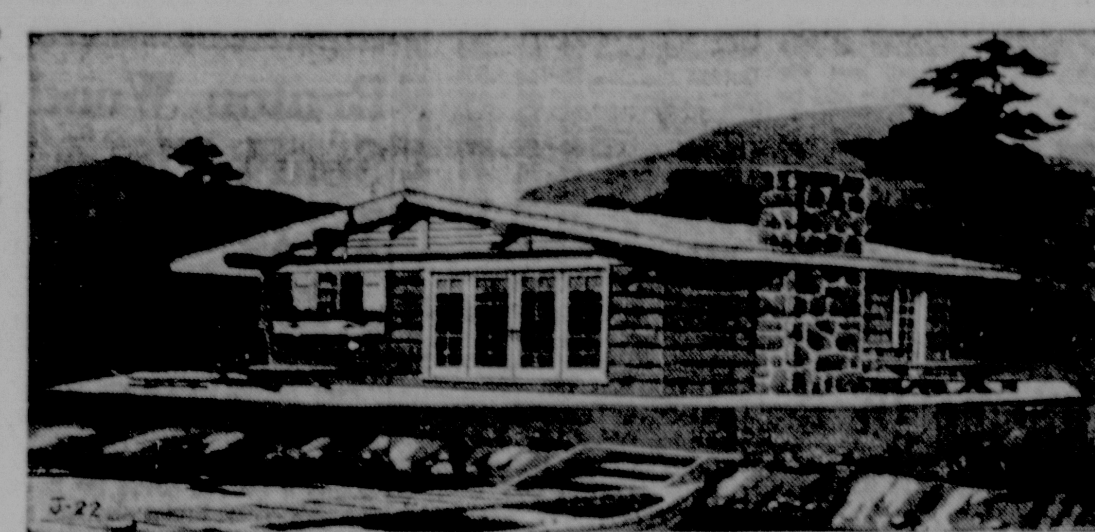

Economy of design obviously was a prime consideration, but some of the economical features may not be as readily apparent as others. Note, for example, the efficient plumbing arrangement which provides an outside shower with an adjacent entry from

WHERE TO CAULK

Whenever two building materials meet, the point of contact should be sealed with caulking compound to prevent water from entering the wood and damaging the paint as it escapes through the surface. Examples are the juncture of siding and window frames, siding and masonry, balustrades and flooring. Right angle joints of wood should be caulked, too, such as butt joint of siding and corner boards, porch floors and siding. And don't overlook gaps between two pieces of siding.

COPPER STAINING

If the rundown from copper screens has stained your white-painted siding, the stains can be removed with a solution of one cup of ammonia in a quart of water. To prevent such staining in the future, give the screening a coat of spar varnish.

J-22 CHALET: Swiss architecture influenced the design of this two-bedroom hideaway, which is a perfect 24 foot square. The exterior, of straight sawn boards with the bark intact, makes it especially attractive on a thickly wooded site.

the terrace to the bathroom. The house, built on block piers, also is economically adaptable to virtually any terrain.

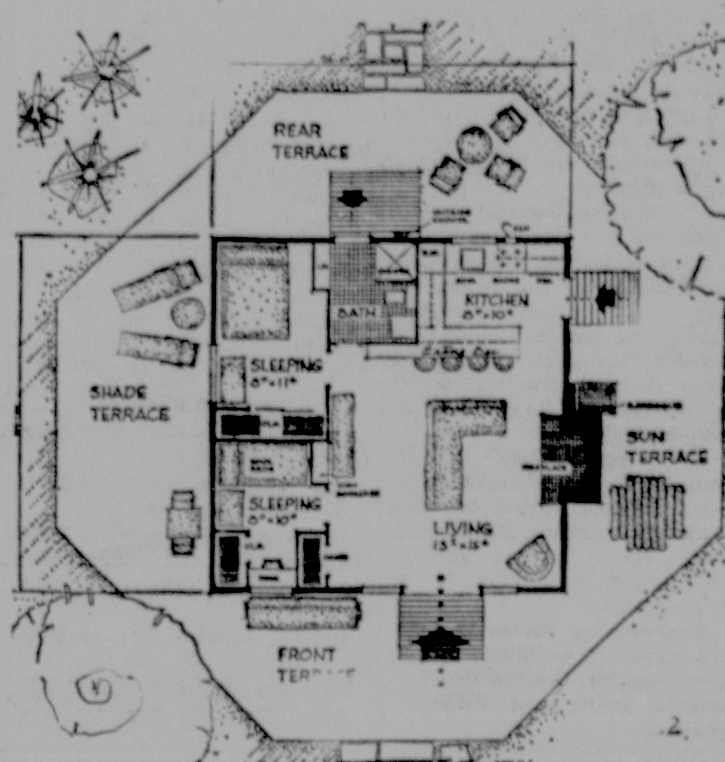

Double-Deck J-23

Architect Cohen's vacation house offering basically is a two-bedroom design also, but with an expansion balcony which would provide an additional bedroom and bath, plus oversight facilities in the grade-level recreation room.

The basic house is 25 feet by 36 feet containing 900 square feet of living area on the main floor. The deck makes the overall dimensions 36 feet by 46 feet, and the balcony expansion would add 165 square feet of additional indoor space.

Its dramatic profile suggests the prow of a boat, and its interior design likewise is shipshape and economical. The free-standing bar serves both kitchen and living area, and the shower and dressing space at the rear of the garage makes for tidy housekeeping.

The added feature of a recreation room also makes this house something special. As an added touch of coziness, both the grade level and the living level have fireplaces.

J-22 FLOOR PLAN: House is built on piers, adaptable to any terrain; contains 576 square feet in dimensions of 24 feet by 24 feet. Note outside shower with adjacent entry from terrace to bathroom.

SHIP-SHAPE — The profile of this 900-square foot all-season home suggests the prow of a ship. Basically a two-bedroom house, it has a balcony expansion which would accommodate a third bedroom and bath. Overall dimensions are 36 feet by 46 feet.

OUT DRIED SPOT!

While turpentine or odorless paint thinner will remove oil or alkyd paint spots while they are still damp or soft — and water will do the same for latex paints — these solvents will not always work after the paint has dried on hands, clothing or other surfaces. Ordinary nail polish remover often works well on such spots. Let soak for a minute or two, then wipe off. Be sure to test on a corner of the material to be sure the remover does not damage the fabric or color.

WIDER HALLWAY

A narrow hallway can be made to look wider if you paint the side walls and ceiling the same color as the floor covering. If it is also a long hall, it will look less like a bowling alley if the end wall is painted a darker color.

Wood Deck That Is Tough, Pretty

"It looks so pretty," the housewife said as she viewed her newly installed wood deck. "I just hate to think of having anyone walk on it and mar its surface."

"You don't have to worry," the builder pointed out. "This deck is built of one of the toughest woods Douglas fir, and it will stand years of heavy usage."

The world's largest log cabin, the builder said, was built at Portland, Oregon, in 1905, for the floor is vertical grain Douglas fir. More than five million people have walked on this floor, the builder added, and you can't see any evidence of wear.

This deck, he told the housewife, is made of the same kind of Douglas fir, but it is two by four in size and it has been laid with a slight spacing between to permit easy runoff of rain water. Or, he pointed out, you can take the garden hose to the deck to clean it and the water will run right off.

Good solid framing lumber two by eight and two by twelve was used, he added, for the frame to hold the two by four fir deck boards. This deck was not stained or painted as the housewife preferred to have it weather to a soft grey, which would blend well with the surrounding shrubs and greenery.

Floyd Will Fight Liston Sept. 25 At Comiskey Park

CHICAGO (AP) — Champion Floyd Patterson will fight Sonny Liston Tuesday, Sept. 25, before boxing fans who will pay from \$10 to \$100 to watch their heavyweight title bout in Comiskey Park.

Those major details were settled Thursday, and they were approved quickly by the Illinois Athletic Commission.

The announcement was made by Al Bolan, vice president of Championship Sports Inc., which has the two boxers under contract, and Irving Schoenwald, Chicagoan who is acting as promoter of the match.

They told newsmen: Tickets will be priced at \$100, \$50, \$20, \$10 and \$5, and all the

57,000 seats will be sold on a reserved basis.

The net gate receipts will be split up this way: Patterson 45 per cent, Liston 12½ and Championship Sports 42½.

Ancillary revenues — From the closed circuit telecast and other sources will be earmarked this way: Patterson 55 per cent, Liston 12½ and Championship Sports 32½.

Liston has been guaranteed a minimum of \$200,000—an amount that Bolan termed "the most any challenger ever has been guaranteed."

Bolan predicted the overall income will exceed \$5 million.

He said his organization is asking bids for the rights to handle the closed circuit telecast to the

aters and arenas across the country.

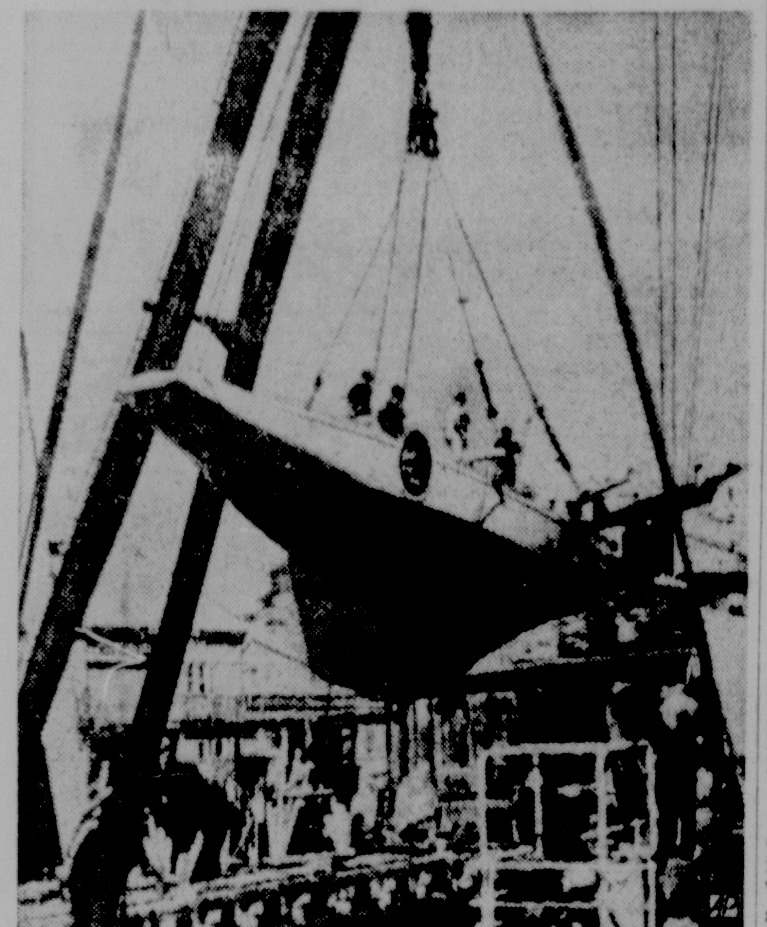

Bolan also said the fight will be carried by radio, but he does not know whether the Chicago area will be included.

"I feel the fight will dwarf all other fights in history from a financial standpoint and from a performance standpoint," he stated.

Joe Triner, chairman of the commission, announced that the referee and other officials will be from Illinois.

Bolan said the promoters will pay a flat \$40,000 rental for Comiskey Park, the home of the Chicago White Sox.

He reported there are 46,500 permanent seats in the park, and 10,500 temporary seats will be added.

Gay Brewer's 64 Takes Lead In \$40,000 Memphis Open

MEMPHIS (AP) — The golden touch of Arnold Palmer slipped a bit Thursday, dropping him well back in the hungry pack that trailed Gay Brewer Jr., in the opening round of the \$40,000 Memphis Open Golf Tournament.

Brewer snatched the lead with a 32-64 over the 6,501-yard, par 34-36 Colonial Country Club course, rolling up six birdies, one on an 80-foot chip shot that holed out.

Favored Palmer, bidding for his fourth straight tournament victory, couldn't control his putter. He came up with two three-putt greens and one nightmare that cost him four putts. He used 36 in all.

The threatening threesome of Gary Player, Billy Maxwell and Don January lurked a stroke be-

hind Brewer. Each fired a 32-65.

Defending champion Cary Midcoff was 35-37-72.

Jay Saw Dow Pivot

AUGUSTA, Ga. (AP) — Jay Hebert, who pulled up lame with a touch of bursitis in the Masters, called the turn on Dow Finsterwald in the third round when the latter shot a sparkling 65.

"Dow is turning his shoulders just right," Jay said. "It's the first time I've really seen him pivot properly."

Dow lost it in the three-way playoff, finishing third with a 78.

Ward Gets \$124,515 Pay Sachs \$26,591

INDIANAPOLIS (AP)—Rodger Ward of Indianapolis, who won the Indianapolis 500-mile race in record time Memorial Day, picked up a record purse of \$124,515 on Thursday night's victory dinner.

The total payoff of \$426,202 was the largest in the race's history.

The 41-year-old two-time winner will share the purse with car owner, Bob Wilke of Milwaukee, as well as teammate Len Sutton of Portland, Ore., who drove a Wilke-owned car to second place and \$44,566.

Parnelli Jones of Torrance, Calif., finished seventh but carried away the third largest prize, \$33,516, most of it lap money for leading more than half the race.

Ward also collected a slew of prizes, ranging from a wardrobe to jewelry and including a \$5,000 sports car.

Speedway management contributed the lion's share of the total — \$320,428. It was based on attendance at the race, although figures are never released.

Popular subscription accounted for \$20,000 in lap prizes and various accessories, fuel and oil firms added \$77,774 in special prize money.

Third-place finisher Eddie Sachs of Coopersburg, Pa., collected \$26,591. Don Davis of Phoenix, Ariz., got \$16,716, for fourth, and Bobby Marshman of Pottstown, Pa., picked up \$14,316 for fifth.

A. J. Foyt of Houston, who received \$117,000 last year for finishing first, got \$5,721 by placing 23rd, according to the number of laps completed.

The total purse last year was \$400,000.

Indians Spoil Roberts' Bid For First AL Victory, 4-3

BALTIMORE (AP)—The Cleveland Indians, spoiling veteran right-hander Robin Roberts' bid for his first American League victory with a four-run outburst in the sixth inning, edged the Baltimore Orioles 4-3 Thursday night.

Roberts, winner of 234 games for the Philadelphia Phillies, who was dropped earlier this season by the New York Yankees, had allowed no runs and only 3 hits over the first five innings. With two out in the sixth, he was relieved by Wes Stock.

An error by third baseman Brooks Robinson started off the Indians' sixth, in which the winners got a single by Ty Cline, doubles by Al Luplow and Woodie Held and a triple by Tito Francona that drove in two of the runs.

Baltimore scored two runs in the opening inning on a walk, a triple by Russ Snyder and a sacrifice fly. The Orioles' third run came on a solo home run by shortstop Ron Hansen, his first of the year, in the second.

Bruton, Wood Spark Tigers To 13-5 Win

DETROIT (AP) — Jake Wood and Billy Bruton accounted for nine runs Thursday with an extra-base bombardment as the Detroit Tigers routed the Chicago White Sox 13-5 in what started as a pitchers' duel.

Wood whacked a three-run homer, and a two-run double for five runs batted in. Bruton also had a three-run homer, plus two doubles and a single, driving in four runs as the Tigers picked up their 10th victory in 12 games.

The heavy attack came after neither club could get ahead in the first three innings off winner Paul Foytack and loser Dom Zanni. But neither starter was around at the end of the slugfest featured by 19 hits, 10 for extra bases.

After failing to hit the ball out of the infield in the first three innings, the Tigers bunched all 13 runs into the next four.

Foytack, lightly regarded in the Tigers' pre-season plans, pitched the first 6-2-3 innings and earned his fourth victory in five decisions.

He left after allowing a two-run homer to Bob Farley in the sixth and a two-run triple to Bob Sadowski in the seventh. Ronnie Kline went the rest of the way, yielding one run in the ninth.

Antonelli Sleeps Now

ROCHESTER, N. Y. (AP) — Johnny Antonelli, the former 20-game National League winner who quit baseball rather than join the New York Mets, says he enjoys retirement.

"Night after night when I was pitching," recalls Antonelli, "I'd wake up with arms and legs flying, ducking line drives coming back to the mound. I know lots of pitchers who experienced the same thing. Now I'm sleeping beautifully and regularly, 11 to 7."

Yvonne Rochfort Named Captain Of Cheerleaders

NEWFOUNDLAND — Yvonne Rochfort, daughter of Dr. and Mrs. Robert Rochfort, Sterling, was elected captain of the varsity cheerleaders at Southern Wayne Joint School for the 1962-63 term.

Other varsity cheerleaders are Donna Bartleson, Lucille Marro, Joan Bancroft, Shirley Smith and Margie Gearhart.

Pamela Eggert was elected captain of the jayvees cheerleaders, who are Patsy Young, Marlene McLain and Terry Voeste. Gloria Bartleson and Jean Borbridge are substitutes.

Margie Gearhart was elected student council representative for the cheerleaders, and Donna Bartleson was elected secretary.

ACTION ON WATER — This is part of the past action that took place in the Water Gap Regatta on Delaware River last year. The 1962 two-day event opens Saturday off Kittatinny Beach. At least six U. S. champs will compete in the fifth annual regatta along with some 160 other drivers.

Fifth Annual Water Gap Regatta Starts Saturday

AT least six U.S. champions will compete in the fifth annual Delaware Water Gap Regatta along with 160 other entrants when the outboard motorboat event takes place Saturday and Sunday.

Sponsored by the Delaware Water Gap Chamber of Commerce, the boat speedsters will vie for awards over a two-day period starting on Saturday, June 2 at 12 noon and continuing through the evening. The regatta is sanctioned by the American Power Boat Association, the national governing organization for water races. The technical features of the race will be capably handled by the Delaware Valley Outboard Motor Boat Association who will supply the referees, timers, judges and scorers. More than 160 other drivers will offer to provide the all-important stand-by ambulance and aides. The Ambulance Corps of Portland and Vicinity will be on duty from 11:00 A.M. to dusk.

The Stroudsburgs will be represented by the Atlantic gas dealers and their local representative, Ben Grudis who are working to make this regatta bigger and better than ever.

Delaware Water Gap will be represented by the Volunteer Church Group of Young People. They will handle the parking concession and maintain control of the parking situation. The Young People's Church Group will collect the parking fees, and divide the proceeds with the Chamber who will use the funds in other community projects while the Young People will decide to what use they will put their funds to in the church.

The Worthington Boat Sales Corp., of Abington, Penna., will provide a 10 passenger Riviera Cruiser as one of the patrol boats for the regatta. The Worthington Co. is bringing this cruiser from the Philadelphia area specifically to assist in this regatta. The Riviera Cruiser was the attraction of last year's regatta. Also expected back this year is Paul Musso the only driver to be injured in the regatta since its inception.

All races will begin at noon each day. Drivers will meet in the pits at 11 a.m. classes are: Ju-Runabout, Au Runabout, Cu Runabout, A Stock Hydroplane, Bu Runabout, C Stock Hydro, Du Runabout, D Stock Hydroplane, B Stock Hydroplane. Trophies will be awarded for first, second and third place in each class. Trophies for Saturday's winners will be awarded in Louise's Hofbrau in the village and Sunday's trophies will be given in the pits immediately after the races.

The only charge will be for parking at the beach, fifty cents per car regardless of the number of passengers. The parking fee will include a free souvenir program booklet that contain a history of the American Power Boat Association, the Delaware Water Gap Regatta, the Portland Ambulance Corps, lists the meanings of the classes, lists boats and entries, and has a scorecard for marking heat winners as well as the final victors.

Refreshments will be available at the refreshment stand run by the women of the Delaware Water Gap Chamber of Commerce.

Failure Of 35-Cent Part Ends Challenge In '500'

By DALE BURGESS
Associated Press Sports Writer

INDIANAPOLIS (AP) — A 35-cent fitting ended Mickey Thompson's and Dan Gurney's challenge to the Offenhausers in Wednesday's 500-mile auto race.

Thompson, himself a speed record owner, built the first semi-stock car to qualify for the race in recent years and grand prix driver Gurney was running easily in ninth place when the trouble started.

Gurney's modified Buick V-8 engine was running beautifully, the fuel tanks were full, the tires showed little wear, and there was a good chance he could go the rest of the way with one more pit stop while the leaders were making two.

Then the 35-cent seal failed on the rear end of the starter shaft. That let the grease out of the differential and Gurney had to pull off the track after 93 laps, not quite halfway through the race.

"Dan was running exactly as we had planned," Thompson said Thursday. He was not supposed to challenge the leaders at that point, but he wasn't to lose any positions, and he didn't. So far as the engine is concerned, we could go to the starting line again right now."

Thompson was asked if he thought the stock block engines should be allowed a little more piston displacement than the Offenhauser special racing engines — the practice in sprint car racing.

"No," Mickey said flatly, "we can lick 'em with the same inches."

He said he wasn't sure whether he would take the car to the Milwaukee 100-mile June 10 or even whether he could enter the 500 again next year — although he wants to.

"I'm just a little guy," Mickey said, "and this is an expensive proposition."

Shiffer's HR Supplies VFW With 4-3 Win

V. F. W. scored a run in the last inning to down Elks 4-3 in Stroudsburg Little League contest. The winners rapped out only four hits to the loser's five bingles.

The winning run came on a home run by winning pitcher Shiffer. The loser was Lawler who gave up four walks in addition to pitching the four-hitter. He fanned four.

Shiffer struck out 11 and permitted three walks.

Treible, Hopkins, Jaggers, Williams and Burkholder collected the Elks' hits. Stolinski, J. Pulp, Walsh, and Shiffer got the hits for the winners.

Area Girls Win State's Class B Team Event Title

FIVE LOCAL girls, composing the team of Twin City TV No. 1, won first place in the team event of the Pennsylvania Women's Bowling Association's Class B title in a tournament held at Erie.

Twin City No. 1 scored a total 2486 to beat Guard-house of Reading with a total of 2470.

Doris Feulner is captain of the local team. Others on the winning group were Marion Dennis, Mano Miller, Jean Paul and Peg Goldy.

Each girl will receive a medal

from the association for its winning performance. The individual scores were: Dennis 530; Miller, 470; Goldy, 453; Feulner, 504 and Paul, 529.

Some 1200 teams participated in the tournament making it the largest ever held by the state women's bowling association. Next year, the tournament will take place in Allentown. There were three other classes, A, C, and D, in addition to the Class B.

The winning team of Twin City TV No. 1, was just part of the group that

made the trip to Erie.

Twelve local girls entered the tournament. One team was Twin City TV No. 1 and the other Twin City TV No. 2. The extra girls also took part in the doubles.

Participating in the tournament, in addition to winning, were Helen Dippie, Helen Couterman, Evelyn Konawick, Glendora Snyder, Florence Cramer, Loretta Gallagher and Janet Treible.

Most of them placed in the money in the doubles and singles events.

Colts Rally To Beat Cubs

CHICAGO (AP) — Carl Warwick's two-run single and Jim Pendleton's three-run homer sparked a Houston come-from-behind rally in the ninth inning Thursday to give the Colts a 10-6 victory over the Chicago Cubs. Houston trailed by five runs at one time in the game.

The triumph gave Houston a sweep of the two-game series as well as a 6-1 record against the Cubs.

Pinch batter Merritt Ranew triggered the rally with a leadoff single off loser Don Elston, third of four Chicago pitchers. Al Spangler, another pinch batter, walked and Roman Mejias sacrificed.

After Norm Larker was pur-

posely passed to fill the bases, Warwick singled off Barney Schultz, scoring Ranew and Spangler.

Pendleton then hit his fifth homer and scored behind Larker and Warwick.

Rookie Lou Brock homered to give the Cubs a 6-5 edge in the seventh, but Elston, after holding the Colts at bay in the eighth, could not survive the ninth.

The game was something of a "duster" bee as three Cubs and one Houston batter, catcher Hal Smith, were hit by pitched balls. Chicago outfielder George Altman twice was nicked by errant pitchers delivered by Golt starter Bob Bruce.

Canadiens Trade Player To Hawks

MONTREAL (AP) — The Montreal Canadiens traded defenseman Al MacNeil to the Chicago Black Hawks Thursday for rookie right winger Wayne Hicks and an undisclosed amount of cash.

With Montreal, he played in 62 games, scored one goal and seven assists.

Hicks, 25, played with Buffalo of the American Hockey League last year. He scored 22 goals and 42 assists.

The Western Open golf championship will be played for the 59th time at Medinah Country Club in suburban Chicago June 28-July 1.

Titans Sign Art Powell, 4 Other Ends

ENDS WILL meet with the New York Titans, of the American Football League, in 1962.

The great Art Powell, the picture catcher from San Jose State, one of the outstanding receivers in the league, has agreed to terms, and four other ends have signed 1962 contracts, it was announced today by President Harry Wismer.

Head coach Bulldog Turner hailed the signings as "another step in the formation of what I hope will be not only a contender but a championship club." Joining Powell in the mass penmanship are defensive

ends Nick Mumley, of Purdue, in his third year with the Titans, and Bob Watters, of Lincoln University (Missouri); and offensive stalwarts Alan Goldstein, former university of North Carolina All-American, and John Kuprok, highly-touted university of Pittsburgh star, with the exception of the rookie Kuprok, all have had professional experience.

Powell, 6 feet, 3 inches tall, 212 pounds, led the league ends in touchdowns with 14 in 1960, and was third in yardage last year with an average of 12.4 off 881 yards gained in 77 re-

ceptions. He is 25 years old. Mumley is a 255-pounder and stands 6 feet, 4 inches in height, and 26 years old.

Watters, regarded as a potential great by Turner, is 26, 250 pounds and 6 feet, 4 inches tall. He was the number 1 defensive end on the New York Giant taxi squad last year and despite his weight, the third fastest member of the squad. He is capable of playing any of four interior positions as well as offense.

Goldstein, 27, 6 feet tall and 200 pounds, played with Oakland in 1959 and did not play

last year. Kuprok was Pitt's leading pass receiver last year, caught 13 passes for 247 yards. He is 22, weighs 199 pounds and is 6 feet, 1 inch in height. He is exceptionally fast.

Dear Abby

Uniform In Her Likes!

DEAR ABBY: I share an apartment with another girl. This girl is absolutely crazy over uniforms! She has lost her head over policemen, soldiers, sailors, marines, airline pilots, ushers and even Western Union boys! Just show her a uniform and she goes limp. She is not a child. She's 29 and ought to know better. She has paid dearly for this weakness of hers. How can I talk her out of it?

BETTER SENSE

DEAR BETTER: You can't. She has a fixation — brass buttons. Introduce her to a Salvation Army man. Maybe he can save her soul.

DEAR ABBY: When a woman deliberately steals another woman's husband, she is robbing her of her means of support, the father of her children and everything of value in that woman's life. So,

why doesn't the Law step in and do something about it? When a man steals a horse or an automobile, he is made to pay a fine or is sent to prison, yet husband stealers go free. Why?

ROBBED

DEAR ROBBED: Because a man is neither a horse nor an automobile, and if he has all his marbles, he has some about who "steals" him. Now, there is a law against kidnapping, but I doubt if many women have been found guilty of it under those circumstances.

DEAR ABBY: I may not be the world's best wife, but I am the world's best actress. To get to the point, I can't stand my husband. He doesn't know it because I put on a good act, but sometimes I feel like I can't stand him near me another minute. We don't quarrel. He is a fine

father to my children. He gives me everything I want I have my own car, a lovely home, and we have a good social life. I can't explain it, Abby, but I am more going through the motions of living. I keep secretly wishing something would happen to him so I could be free without leaving him. Do you think I am losing my mind? I can't tell this to anybody but you.

POOR ME

DEAR POOR: You may be experiencing a glandular or chemical change, causing doubts, boredom and depression. Be candid with a good doctor. Or you could be hankering for a kind of wild and forbidden romance that is especially attractive to an "actress." Don't reach. You could lose your perch. There are many women who want desperately what you already have.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to ABBY, Box 3363, Beverly Hills, Calif.

Your Horoscope

By FRANCIS DRAKE

Friday, June 1
March 21 to April 20 (Aries) — May reach some sort of perfection now if you remain alert to possible errors as well as to the utility of your own efforts. Look for hard work, intelligent challenge, devotion.
April 21 to May 21 (Taurus) — Should surely be one of your will-to-win days, with so much of opportunity, friendship and esteem on your side. See that you do your best, with your sunny side out.
May 22 to June 21 (Gemini) — Full, vaulting month; many new and old matters that warrant your attention and special talents. You should enjoy this, and gain some interesting footholds, credits.
June 22 to July 23 (Cancer) — General affairs of daily life high-lit, they ask scrutiny, possibly overhauling in some areas. Don't be careless in travel, domestic discussions, things connected with li- quids, the sea.
July 24 to August 23 (Leo) — Fine planetary day to begin what should be an useful, quiet, happy month, even if all desires are not gratified. "Creative" not ill- served. To do well consistently should be first aim.
August 24 to September 23 (Virgo) — Mercury maintains favorable aspect; day promotes individuality, friendship, success, perfection sought after within reason, never fanatically. Keep your fine sense of rightness.
September 24 to October 23 (Libra) — This Sign instinctively knows that what is at stake is worth trying hard, long for; calculate to please most honorable sources. Careless with high-type people in order.
October 24 to November 23 (Scorpio) — Straightforward day for like treatment. Nothing attained easily is as appreciated as what we earn with sweat of brow, as other Signs will also recognize clearer now. Good day for a good win.
November 24 to December 23 (Sagittarius) — Increasingly favorable indications. If you go about day as your normal good sense dictates, without misgivings, doubts or doubts, your rewards, you can turn in a grand total.
December 24 to January 23 (Capricorn) — Keep things in place, including those mental gyrations. You will reap quicker harvest. Friendly influences, but watch out for rumors. Tie up loose ends, follow wise rules.
January 24 to February 19 (Aquarius) — A few truly resplendent hours to work with, but once you are called upon to be patient with the less keen and with dominating ones. Originality of plan and your abilities to the fore.
February 20 to March 20 (Pisces) — We need your fight for the right attitude. Now begin with determination, continue with influence. Complete urgent details. Your type of diplomacy and compassion can preserve human dignity.
YOU BORN TODAY: Gemini. Signs of communication, unique audacity and devices, of the unusual. In the future, expand areas. You light a flame where only a spark was seen before, and it grows into a fire of warmth, freshness, sociability. Take steps to advance your education, no matter its standing now, seek communion with only worth-while, "alive" people, discard others as the deterrent to progress and good health. It is, you seek and use intelligent plan and your own brain waves, too, which should produce potent results. Many renowned inventors, artists, religious, engineers, advertising giants in this Sign. Don't go overboard trying many things, but go where opportunity knocks, for you easily bypass fear and obstacles. Birthdate of Brian Young, leader of the Mormon Church; Frank Morgan, of state and screen; and numerous poets, painters and hand-pickers.

Temporary Debentures

By WILLIAM A. DOYLE
O. I own one \$100, 4 1/2 percent American Telephone & Telegraph convertible debenture, which is due to mature March 12, 1973. I paid \$100 for this debenture, when the company made a "rights offering" to stockholders in 1958. When I received the debenture, there were four interest coupons attached. The last coupon was dated March 12, 1960.

Since this debenture no longer pays interest, wouldn't I be better off to convert it into one share of AT&T stock.
A. Here's good news for you. The debenture most certainly does still pay interest. So, you have some back interest coming to you. And, better yet, you'll get more than one share of stock if you convert that \$100 debenture.

The debenture will continue to draw interest until its maturity date, unless you convert it into stock (as you probably will do) or unless the company calls it for redemption.

If you read the debenture you own, you will find a notice printed on it that it is a "temporary" debenture and that it should be exchanged for a "definitive" debenture when the last coupon attached to it matures. You should have done that after the March 12, 1960, interest came due.

If you want to keep the debenture you should make the exchange now. You will receive

a definite debenture, with coupons attached for all future interest payments and you will get a check for past interest you haven't collected. Your broker or bank can handle this for you. Or you can do it yourself, by sending it (registered mail) to the office of the Treasurer, AT&T, 195 Broadway, New York 7, N. Y.

However, when you learn the conversion terms, you will probably want to convert. At the time of this debenture issue, the terms were that debenture holders could receive one share of AT&T stock by turning in \$100 of debentures, plus \$42 in cash. Then, AT&T stock was split, three for one. So, the conversion terms were altered. As a result, if you turn in your \$100 debenture, plus \$42 in cash, you will receive three shares of AT&T stock.

A bit of arithmetic shows that you can get much more income by taking advantage of the conversion. Your \$100 debenture is paying interest of 4 1/2 percent, or \$4.25 a year.

If you turn in that \$100 debenture, plus \$42, you will own three shares of AT&T stock. The dividend on AT&T stock is now at the rate of \$3.60 a share a year. Three times \$3.60 equals \$10.80.

This means that, by putting up \$42 more, you would increase your income by \$6.55 a year. To put it another way, the \$42 of new money you would invest by

making the conversion would yield you almost 16 percent in dividends.

Most people who owned these AT&T 4 1/2 percent debentures converted their debentures into AT&T stock long ago. You would be smart to do the same.

Q. What is meant by the term "first mortgage bonds?"

A. I'm sure you understand that a bond is a debt security. When you own a bond you are a creditor of the issuer. The issuer is pledged to pay you interest (usually at a fixed annual rate) and to pay off the debt (par value of your bond) when the bond matures.

Bonds secured by a lien either on all or part of the property of the debtor are called mortgage bonds. If those bonds are not subordinated to any "prior lien," they are called "first mortgage bonds."

Werkheiser Graduates In Memphis

ROBERT C. Werkheiser, airman apprentice, USN, son of Mr. and Mrs. Carl E. Werkheiser of 23 Collins St., Stroudsburg, was graduated recently from the Aviation Machinist's Mate School at the Naval Air Technical Training Center, Memphis, Tenn.

During the nine-week course students receive instruction in power plants and line operations, methods of the various types of inspections and workings of power plant accessories.

Before entering the school students are required to complete the two-week Aviation Familiarization School and the four-week Mechanical Fundamentals School, both also at Memphis.

New Lehigh Award

BETHLEHEM, Pa. (AP)—Lehigh University announced Thursday establishment of a Scott Paper Co. Foundation Award for leadership. It will go to an outstanding engineering student who plans a career in industry or commerce. Alan C. Eckbreth, a sophomore from West Caldwell, N. J., is the first recipient.
